### SUMMARY

When I arrived to Germany, in little more than  
one year I had my german language certification  
and got accepted in the UdK Berlin for Composition. This  
same mindset drives me now to accomplish my goals in  
programming and web development.

I am tenacious, and insightful when it comes to learning.  
I love and breath for it! I am always ready to engage  
new and challenging concepts and ideas..

I am eager to work in your team!
